Project Title:

Driving Question:

What credit will you be earning for this project?

Deliverable(s): *(Your deliverable(s) must be directly tied to your so what. Explain how your deliverable will be an asset to your overall project. Your deliverable cannot be just a slideshow or poster. It must be a slideshow and....)*

Project summary: *(What will you be learning? Why do you want to learn this? This is where your passion should shine through. This summary must include who will benefit from your project and how they will benefit. This is your elevator speech).*

Intended Audience: *(Who is benefitting from your project? Who are you presenting to? How? When?)*

Goals for completion *(Answer this by providing a list of SMART goals: specific, measurable, achievable (but challenging), relevant, and time-bound (By what date do you want to achieve it?):*

Which expert(s) will you contact about your project? *(List name, credentials, and contact information. If you are unsure who to list here, consult with your advisor):*
